

KHANT ZAW HEIN

WEB DEVELOPER

PROFESSIONAL PROFILE

I am a growth web developer with 1 years of experience in marketing in the Australia market. Creative, sharp-minded person with quick learning skills & cooperative with teams. Strong time-management skills and responsible with my work.

WORK EXPERIENCE

Junior Web Developer (Independent Contractor)

March 2022 - Oct 2022

Effectively managed team with 7 employers in 6 locations in 2 countries. Company training, public relations with social media, creative posts in social media & CRM. Developed web design idea & web Pages. Created more than 10 websites using WordPress and designed some frameworks in Figma. I have done minimum 7 websites and all the websites have good reviews from the clients.

Web Developer | Internship

September 2021 - December 2021

I have created one E-Commerce website & learning about Laravel and Node.js. I have to do the hosting for the customers and need to edit the domain details if the customers want to change the domain name.
